BAM – Bridging Accounting Research Methodologies

## Welcome to our first Newsletter!

Welcome to the Bridging Accounting Research Methodologies Network - BAM! (<https://accounting-network.uni-mainz.de/>)

We are a community dedicated to supporting and empowering early career researchers in the field of accounting.

**BAM network** is addressed towards early career (non-tenured) accounting researchers in Europe and focuses on two important aspects: networking and research methodology.

### The project goal is to:

- establish an exchange platform for early-career accounting researchers,
- facilitate networking opportunities,
- provide research support through peer feedback,
- foster new research ideas encompassing different methodologies.

### Main activities:

- Yearly Junior Research Workshops
- Market Ideas
- Invited Lecture Series

# TIMELINE 2024

RMU

Accounting  
Network

BAM – Bridging Accounting Research Methodologies

- **Upcoming Events:**

- **1st BAM Junior Research Workshop & Ideas Market:
